

DARKLIGHT DESIGN

CORVUS
BESPOKE LED LINEAR PROFILE
NEAR INFINITE POSSIBILITIES...

**We.
Love.
Corvus.**

That's right - we said it, it's out there.

Bespoke and versatile, the Corvus lighting system offers a solution to any design problem. Available in multiple recessed, surface, track and suspension applications and with LED or T5 luminaires, spot lights and projectors, Corvus is ideal for commercial projects of any dimension.

Utilising an aluminum profile for optimal heat dissipation and available in emergency lighting versions, Corvus appears in the form of simple ready-made fixtures or infinitely long and complex systems.

To take advantage of our Corvus nerdiness and allow us to examine your project in more detail, please contact us on

sales@darklightdesign.com or **01189 882 294.**
