

# Euro Step Lite Solid Eyelid PURE LED

Cat. NO ESLS/L

**PURE LED**  
Pure Performance

The Euro Step Lite Solid Eyelid PURE LED is an extra compact luminaire designed for step lighting applications where the fixture needs to be very unobtrusive or concealed. The eyelid masks two thirds of the lamp, which eliminates all upward light.

The Hunza PURE LED system uses the latest Cree MTG-2 LED chips for maximum performance and long life. Power supply options include a choice of integral 12 volt driver or an external remote driver. The PURE LED system incorporates an innovative Plug-and-Play system for easy replacement or upgrade of either the LED engine or integral driver.
