

ELLA

Lamp Ella exists of a hand-blown glass shade which is supported by a sturdy steel tripod stand. This combination underlines its strong, graphic yet elegant and light character. Both the transparent and the grey shade provide a soft glow, and work harmoniously with the black or white stand colors and brass details.

GENERAL INFORMATION

Design by Anton de Groof, 2016

The tripod stand is made of powdercoated steel and holds a hand-blown glass shade.
