# Path Lite Surface Mount **PURE LED**

Cat. No. PLSM(1-4)/L

Path Lite Surface Mount 3 facet

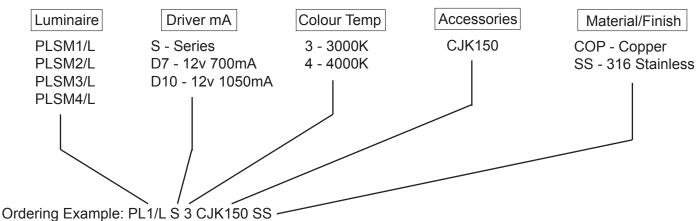

The Path Lite Surface Mount is ideal for lighting flat areas where a recessed fitting is not suitable. It is especially suited to decks, paved courtyards, and edge lighting paths. This LED coupled with a frosted Borosilica dome glass lens produces little-to-no glare through 1, 2, 3 or 4 facets. The frosted Borosilica dome glass lens has been developed to prevent dirt, mud, grass clippings or water from entering the optics area, keeping with its IP66 rating. In addition, the glass lens retains the sealing gasket.

The Hunza PURE LED system uses Cree XTE chips for maximum performance and long life. Power supply options include a choice of integral 12 volt or an external remote (series connection) driver. The PURE LED system incorporates HUNZA's Plug-and-Play system for easy replacement of either the LED engine or integral driver in the field. A choice of a Warm or Cool White colour temperatures is available.

\*At 700mA this fitting is the equivalent of a 20w halogen fitting. \*At 1000mA this fitting is the equivalent of a 35w halogen fitting.
