

Birdie, ceiling design Ludovica+Roberto Palomba 2012

FOSCARINI

A variable number of arms with a white finish, as slender as the branches of a tree, support small coloured diffusers, whose shape is a reinterpretation of the classic shades. It's Birdie ceiling lamp, whose elements spontaneously coalesce to give life to a friendly lamp, that combines a smooth and familiar structure with a boldly character. The choice between several versions, with one, three, six or nine arms, makes it possible to choose from the simplest model and gradually work up to the most elaborate ones with a larger amount of lights, which multiply like

flames, achieving even the scenic appeal of a modern chandelier. Made with sturdy yet lightweight materials, Birdie has a different character depending on the colour: in white, it can be discreet and almost invisible, but in amaranth, orange or grey it becomes more of a prima donna capable playing the starring role in a room.

Birdie, ceiling technical info

FOSCARINI

Description

System of diffused light ceiling lamps, available in compositions with 1, 3, 6, 9 arms with rods of 3 different lengths; the versions are achieved by combining several sizes. Metal ceiling flange and aluminium rod, both epoxy powder coated. Opaline polycarbonate internal diffuser, translucent polycarbonate external diffuser, both injection moulded. White ceiling rose and arms, possibility of choosing the diffusers, in the four colours available, also in the same

Materials polycarbonate and coated aluminium

Colors white, grey, orange, amaranth

Brightness light
diffused light

Model

Birdie 1

Weight
net kg: 1,50
gross kg: 4,10

Packaging
vol. m3: 0,066
n. boxes: 3

Bulbs
Halogen 1x70W E27

LED Retrofit/FLUO 1x20W E27

Certifications

Energy Class
