## LIGHT SOURCES

REFERENCE	SOURCES	FEATURES
773	Micro Blade 50 profile in rounded shape. Delivered without LEDs. Needs 83cm of LED strip to be fixed within the circle	572 x 572mm / 7kg

LED EQUIPMENT (more info)

REFERENCE	DESCRIPTION
8129 .LDT	5 ml High Power LED strip, warm white (2700 °K) - 120 LEDs /m, 5cm divisible Consumption 19.2 W per meter - 24V - 2000 lumens per meter
8130-1 .LDT	5 ml High Power LED strip, warm white (3000 °K) - 120 LEDs /m, 5cm divisible Consumption 19.2 W per meter - 24V - 2000 lumens per meter
8099 .LDT	5 ml LED strip, warm white (2700 °K) - 60 LEDs /meter, 10cm divisible Consumption 15 W per meter - 24V - 1080 lumens per meter
8100 .LDT	5 ml LED strip, warm white (3000 °K) - 60 LEDs /meter, 10cm divisible Consumption 15 W per meter - 24V - 1080 lumens per meter
8102 .LDT	5 ml RGB LED strip - 60 LEDs /meter, 10cm divisible Consumption 15 W per meter - 24V
5193	Aluminium heatsink
5177	Lexan diffusing screen - Length 1.50m
011070025	High frequency presence sensor
