

11 „Obelisk“ Floor lamp

Designer: Horst Lettenmayer

Duo LED

The atmosphere of a room can be aided immensely by lighting. This delicate light column allows for the creation of very precise wall illuminations or silhouettes. Power is needed to create ambient light, which strongly suggests the use of a halogen version. All power components are housed in the light's conical base. This light is for offices, objects, shop displays, and stand lighting for modern sculptures and large paintings.

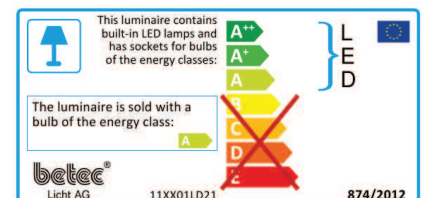

Technical information:

Material:	Brass
Illuminant:	Duo LED 21 Watt
Illuminant Lifetime:	50000 H.
Luminous colour:	warm 3050 Kelvin
Voltage:	24V
Metal tube:	Ø 34 mm

Version	Colour	Article No.
1900 mm	Chrome	11CO01LD00
21 Watt	Nickel	11NO01LD00
	Nickel brushed	11XO01LD00

Height: 1900 mm

Base: Ø 300 mm
