

Name: Cala

Design: Jordi Llopis / 2011

Typology: Ceiling lamp

Environment: Indoor

Technical description:

Ceiling lamp releasing both indirect and direct diffused light, through a frosted, convex glass diffuser placed on bottom portion of the fixture.

Cala features a polyurethane shade with a lacquered, high gloss finish, available in white, black and red. Additional colors may be available upon request. Due to the direct and indirect diffused light given, the Cala Ceiling creates a halo of light, as if the fixture is floating just below the ceiling.

Diffuser is included with fixture.

Lamps description

 Grounding: excluded

 Ready for mounting on normally flammable surface
