

Name: Lexa V (Vertical Backplate-box)

Design: Joana Bover / 2008

Typology: Wall lamp

Environment: Indoor

Technical description:

Wall light with brass structure finished in satin nickel or brilliant chrome, available mounted on vertical or horizontal backplate box. Various lamp shade options: double mesh lamp shade, offering inner shade options of black or red mesh mounted on a rigid fire-resistant white polyester screen, and outer shade options in black or red mesh mounted on PVC fiber screens. Single lamp shades are also available in classic white cotton, or white and cream translucent polyester blend hand wrapped ribbon. Cotton lamp shade does not allow for upper diffuser, due to mounting. Also available with adjustable LED Flexo arm.
