

Spider, design by Studio Italia Design, 2015

Suspension

Spider is a round suspension light resembling an eye that can look into any part of the room. By adjusting the angle of the diffuser, the band of light emitted by the LED light can be directed towards a specific point. When mounted on the different clusters available, it can create numerous patterns of light, from functional to decorative, which can be dimmed at will. In Spider, the simplicity of the look underscores the versatility of its performance.

Spider	Light source	Frame: Metal	Diffuser: Metal	Code
	LED <ul style="list-style-type: none"> • 2700 K • 1 × 10W 850 lm • 220-240V • CRI 90 • MacAdam 3-Step LED and driver included	Chrome	Matte White 9010	160006
		Chrome	Chrome	160008
		Chrome	Gold	160009
		Chrome	Rose Gold	160010
		Chrome	Matte Black 9005	160007
		Chrome	Matte Champagne	160016
	LED <ul style="list-style-type: none"> • 3000 K • 1 × 10W 900W • 220-240V • CRI 90 • MacAdam 3-Step LED and driver included	Chrome	Matte White 9010	160011
		Chrome	Chrome	160013
		Chrome	Gold	160014
		Chrome	Rose Gold	160015
		Chrome	Matte Black 9005	160012
