Handling and Installation Instructions.

Please read the following instructions carefully before beginning with the installation:

- Remove the packing material carefully.
- Make sure that all items are free of damage and all cables are completely isolated.
- Shut off the main electrical supply at the fuse box/ circuit breaker.
- It is recommended to have the lighting fixture installed by a qualified electrician.
- The manufacturer does not enclose any wall plugs with the lamps.
- Installations on suspended ceilings should only be performed after consultation with a specialist and upon approval of the facility proprietor.
- Only use the recommended light bulbs in order to prevent overheating

Care Instructions:

- To clean the shade from dust wipe with a soft and dry or slightly damp cloth.
- Do not use any abrasive cleaners. This might cause permanent stains and damage the shade.
